

19200 Willamette Drive Wireless Communication Facility

Planning

Class I Design Review

Verizon Wireless proposes to collocate an unmanned Wireless Telecommunications Facility consisting of a three-sector antenna array with three antennas per sector at the 63 ft. level of an existing 80-ft. stealth structure with related ground-mounted equipment mounted on a 16-foot by 14-foot by 6-inch thick concrete pad at the base of the structure

adjacent to the existing ground equipment at the site.

Project ID: DR-10-07

Project Type: DESIGN REVIEW (DR)

Project Submission Date: 2010-05-17

Project Current Status: In process

Project Current Deadline**Project Deadline Type:** 120-day response

Project Deadline Date: 2010-09-16

Project Public Notice Deadline: May 24, 2010 - Done

Project Notice Type: B
